The Objects of Thought

TIM CRANE

CRANE

The Objects of Thought

OXFORD

'Ambitious, ingenious, and lucid . . . Crane's excellent book has all sorts of interesting and insightful things to say about metaphysics, language, and intentionality. Crane also has a fluid clear style that makes his book a pleasure to read.'

Anthony Everett, *Mind*

'His discussion throughout is both delightfully clear and eminently sensible—a quality that is rarer than it should be in view of much recent metaphysical extravagance in analytic philosophy.'

Peter Simons, *The Times Literary Supplement*

'ingenious, full of insight and wonderfully clearly written.'

Niall Connolly, *The Philosophical Quarterly*

'elegant and original.'

Pierre Jacob, *Notre Dame Philosophical Reviews*

'a rich book, full of ideas and arguments.'

Michelle Montague, *Analysis*

Tim Crane is Knightbridge Professor of Philosophy at the University of Cambridge and a Professorial Fellow of Peterhouse.
